

EMERGING CHRISTIANITY

HOW we get there determines WHERE we arrive

Join us for a continued conversation on the 'emerging' future of Christianity and humanity.

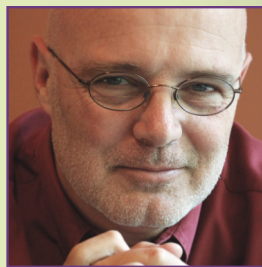

Explore an important overlay to the foundational tenets of the Emerging Church~**Non-Dualism**.

These three exciting days allow us to delve into the heart of non-dualism and offer practical and experiential ways of taking it back into our churches and our world.

Come and be a part of this change in Christian consciousness as we explore non-dual thought and practice. Truly, HOW we do this will determine WHERE we arrive!
