DEFINITIONS

SACRED DESIRE: the urge to connect and be one with God who is in the universe and in each other

ATTUNING: a special form of social perception and communication whereby we non-verbally know and reflect back the internal subjective state of another; how we biologically, psychologically, and spiritually connect with another

RESONANT ATTUNING: connecting in harmony with the subjectivity of another

DISSONANT ATTUNING: connecting in disharmony with the subjectivity of another

REDEMPTIVE ATTUNING: connecting in harmony with the subjectivity of another but with an increased awareness of how resonant attuning sustains and preserves the goodness in relationship; transforms us to a new being

TRAUMA: injury caused in two ways

- (1) when dissonant attuning is persistent and remains unrepaired
- (2) when dissonant attuning overwhelms our usual coping mechanisms and is perceived as life-threatening such as what results from physical, sexual or emotional abuse
